

VELS Standards and Progression Points-Moderation: Primary schools

VATI ABN 19723479771

This half day professional learning activity for Primary LOTE (Languages Other Than English) teachers of Italian is to work on moderation of VELS (Victorian Essential Learning Standards) level 4 and Progression Points.

Teachers will analyse and appraise student work in order to develop a common understanding of the standards and thus work towards making consistent, on-balance judgments about student achievement.

Moderation of student assessment is an important element in the introduction of VELS and its related assessment:

"Sharing, reflection and collaborative assessment processes, using the sample material as needed, will enable teachers to develop common understanding of the standards and to make valid judgements about student performance that are consistent within their own classes, with their colleagues in their own school, and around the state."
